- Mild flavor
- Often eaten fresh
- Suitable for spreading or salads

How Cheese Is Made: The Production Process

Understanding how cheese is made enhances appreciation and helps in selecting the right cheese for different uses.

Basic Steps in Cheese Making

- **Milk Selection:** The process starts with fresh milk, which can come from cows, goats, sheep, or buffalo.

- Pasteurization: Most commercial cheeses use pasteurized milk to eliminate harmful bacteria.
- Adding Starter Cultures: Bacteria are added to convert lactose into lactic acid, acidifying the milk.
- Coagulation: Rennet or other enzymes are added to curdle the milk, forming curds and whey.
- Cutting the Curds: The curds are cut to release whey; size affects the cheese texture.
- Cooking and Washing: Curds may be cooked or washed to influence moisture content.
- Pressing: Excess whey is pressed out, shaping the cheese.
- Salting: Salt is added for flavor, preservation, and texture.
- Aging (Ripening): Cheese is stored under controlled conditions to develop flavor and texture.

Cheese Tasting and Appreciation

Tasting cheese involves more than just eating; it's about savoring flavors, textures, and aromas.

Tips for Tasting Cheese

- Serve at room temperature: This allows flavors to fully develop.
- Use the right tools: Cheese knives, tasting plates, and wine glasses enhance the experience.
- Observe the appearance: Color, rind, and cracks can tell you about the cheese's age and type.
- Smell: Inhale the aroma deeply; it hints at the flavor profile.
- Taste in small bites: Let the cheese melt slowly on your tongue.
- Note the texture: Is it creamy, crumbly, firm, or elastic?
- Identify flavors: Sweet, salty, nutty, earthy, or spicy notes.

Pairing Cheese with Drinks and Foods

Pairing enhances the tasting experience. Here are some basic pairing principles:

- Cheese and Wine: Red wines pair well with harder, aged cheeses; whites go with softer, milder cheeses.
- Cheese and Fruits: Apples, grapes, and pears complement many cheeses.
- Cheese and Breads: Crusty baguettes or crackers are classic accompaniments.
- Cheese and Nuts: Walnuts, almonds, and other nuts add texture and flavor contrast.
