Understanding the Mary Kay Marketing Plan

The Mary Kay marketing plan is a strategic blueprint designed to reward consultants for their sales efforts and team-building activities. It operates on a multi-level structure, allowing consultants to earn income through product sales and the recruitment of new team members. This dual approach creates opportunities for both immediate income and long-term residual earnings.

Key Principles of the Plan

- **Customer Focus:** Emphasizes building personal relationships and providing excellent service, which leads to repeat sales and referrals.
- **Team Development:** Encourages sponsoring new consultants, thereby expanding your network and increasing earning potential.
- **Reward System:** Offers various incentives, bonuses, and recognition programs to motivate and retain consultants.
- **Flexibility:** Allows consultants to set their own schedules and work at their own pace, making it suitable for part-time or full-time entrepreneurs.

How the Compensation Plan Works

The Mary Kay compensation plan is structured to reward both sales production and team building. It comprises several earning components, each designed to support different aspects of your business growth.

1. Retail Profit

This is the profit you make from selling products at the suggested retail price. Mary Kay recommends a 50% markup, meaning you earn approximately half of the retail price as profit.

2. Wholesale Commission

As a consultant, you can purchase products at a wholesale price and resell them at retail prices. You earn the difference as profit directly from your sales.

3. Team Commissions and Overrides

When you sponsor new consultants and help them grow their businesses, you earn overrides and team commissions. These are residual income streams that reward your efforts in mentoring others.

4. Bonuses and Incentives

Mary Kay offers various bonuses based on sales volume, recruiting milestones, and participation in special programs. These can include cash bonuses, jewelry, trips, and other rewards.
